Nuclear Ban Confab Fizzles

Russian Demand Rejected by West

GENEVA (AP) — The Western powers and the Soviet Union were at another standoff in the nuclear test ban talks today with neither side ready to take the responsibility for breaking off negotiations.

British delegate David Ormsby-Gore declared Thursday that the West has shown "monumental patience" and drew a sharp re- tor from Soviet delegate Semyon K. Tsarapkin that "our patience can certainly match yours."

Despite the Soviet refusal to come an inch toward the Western position, Ormsby-Gore told Tsarapkin Britain and the United States have no intention "at this time" of quitting the talks.

Some Western diplomats are talking about another recess in the negotiations, that resumed March 21 after a suspension of 3½ months.

The West in a package plan has accepted several Soviet proposals for joint nuclear experimentation but Tsarapkin countered the West's insistence on independent control machinery to police any test ban with a demand for what in effect would be a veto power over the control apparatus.

He proposed that the control organization be headed by a three-man directorate representing the Communist bloc, the Western nations and the neutralist nations. Unanimity would be required for any action.

Ormsby-Gore and U.S. delegate Arthur H. Dean repeatedly declared such an arrangement was unacceptable and appealed to him

Eagles Secretary Held In Shortage

Glenn Ritchie of 127 W. 3rd St., secretary of the Salem Eagles Club, has been bound over to the Columbiana County Grand Jury on a charge of embezzling \$3,175.48 from the club's treasury.

Ritchie waived preliminary hearing before Judge Luther Donbar in Northwest County Court here Tuesday and was released under \$500 bond.

The charge was filed by Dale Wright, president of the Salem Fraternal Order of Eagles No. 316. An error in the club's treasury account was found by an auditor representative of the Eagles from the state.

U.S. To Send More Troops To 'Hotspots'

WASHINGTON (AP) — The Army plans to send thousands of additional combat troops to overseas "hotspots" in the next year as a means of countering Communist thrusts.

At the same time, the Army will train 3,000 men in guerrilla warfare tactics for use in nations friendly to the United States.

Army leaders gave details of these intentions Thursday to a closed door hearing of the Senate Armed Services Committee. Later, the testimony of Gen. George H. Decker, chief of staff, and of Secretary Elvis J. Stahr Jr. was made available to newsmen with military secrets deleted.

Today it is the Navy's turn to testify before the committee on President Kennedy's defense program. The Senate group will hear Adm. V. F. Raborn, chief of the missile sub program, on the Navy's plan to speed its nuclear powered Polaris submarines project. Other scheduled witnesses are Secretary John B. Connally and Adm. Arleigh A. Burke, chief of naval operations.

8 New Crime Laws Sought

Bob Kennedy Asks FBI Power Boost

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy, in his first Justice Department news conference, has called for eight powerful new laws to help curb organized crime.

The youthful attorney general said he was confident that "we will get some action on these bills" from Congress.

A record 174 newsmen, tops for a Justice Department conference, overflowed Kennedy's large reception room into adjacent offices Thursday.

In a wide-ranging, sometimes humorous discussion, they heard Kennedy touch, among other matters, on: Businessmen's ethics, juvenile delinquency, the deportation of a New Orleans racket figure, the John Birch Society and organized crime.

Kennedy, 35, a brother of the President, did not provide specific details of how he planned to operate against organized crime.

But, he asserted: "It is my firm belief that new laws are needed to give the FBI increased jurisdiction to assist local authorities in the common battle against the rackets."

The new laws he has asked Congress to approve include five years imprisonment and \$10,000 fines for interstate travel "to advance illegal activities."

"More and more," Kennedy said, "the bankrollers and king pins of the rackets live luxurious, apparently respectable lives in one state, but return periodically to another state to collect from

French Police Drive Against Terrorists

Hunt Death Squad; U.S. Consulate In Algeria Bombed

PARIS (AP) — French police made a nationwide sweep against suspected Algerian and French terrorists today as killings and bombings increased after the collapse of hopes for immediate negotiations to end the Algerian rebellion.

Paris police hunted an Algerian execution squad that carried the hit-and-run war between rival rebel factions into a suburban hospital Thursday, killing 2 persons and wounding 12.

In Algiers, the U.S. consulate was bombed after it closed for the day and an attempt was made to burn the American cultural center. Both attacks were attributed to French rightists retaliating for U.S. moves to get peace talks started between the French and the Algerian rebels.

Police rounded up known French extremists in Paris and the French provinces also for questioning. The police said no well known persons were picked up, and it was not immediately known if any of those questioned were detained.

Negotiations between the rebels and the French were to have started today in Evian-les-Bains. But the chief rebel group—the National Liberation Front (FLN)—refused to meet after the French announced they would hold simultaneous negotiations with a rival rebel group, the National Liberation Movement (MNA). The French rejected the FLN demand that it be designated chief spokesman for the Algerians Nationalists.

There appeared to be little chance either side would make a serious move before Tuesday to get talks started. French President Charles de Gaulle has scheduled a news conference for that day.

The hospital raid in suburban Montfermeil was one of the most violent episodes in the war between the FLN and MNA, conducted for 8½ years in Paris.

Six men in a taxi drove up to the hospital where Algerian victims of a recent FLN-MNA clash were in a surgical ward. Three of the raiders charged up the third floor and killed a French policeman guarding the Algerians' room with his own machine gun.

Bursting into the room, they killed Mohand Talba, believed to have been a member of the MNA, in his bed.

The gang then ran from room to room, spraying bullets. One of their victims was a French girl, Martine Petit, 7, wounded as she lay in bed. Also wounded were her father, sitting beside the bed,

Employees Again Veto Wage Cut

Massillon Company May Move South

MASSILLON, Ohio (AP)—Employees of one plant of the Reliance Division of Eaton Manufacturing Co. again have refused to accede to 16-cent hourly pay cuts and to the introduction of cost-saving machinery.

The company proposal was turned down Thursday in secret balloting conducted by Local 28 of the Industrial Union of Allied Industrial Workers of America. The vote was 160 to 136. Members of the local are employed at the Reliance Division's plant No. 1.

A meeting for members of the union's Local 306, who are employed at the Reliance plant No. 2 here, has been called for Saturday, but the union has not announced whether a secret vote will be taken on the company proposal.

Both locals turned down the proposal in a standing vote last month. The vote then was 303 to 30. Following that refusal Eaton directors in Cleveland took steps to move the Reliance Division to a southern site, probably Roxboro, N. C.

As a result of the company's action, a citizens committee and union officials suggested that the employees vote on the wage cut proposal again in secret balloting.

Union spokesmen said following the vote last month the proposal was rejected because the company would not guarantee that the Reliance Division would remain in Massillon beyond a one-year trial period. Another union objection was that salaries workers were not asked to take a similar pay cut.

Trouble Feared Over W. Berlin, Nuclear Ban

Western Leaders To Issue Report On Talks Saturday

WASHINGTON (AP)—President Kennedy and British Prime Minister Harold Macmillan reportedly fear the development of a series of crises between the Western powers and the Soviet Union this year.

These views are reported to prevail in spite of encouraging progress recently made toward agreement on a cease-fire in the civil war in Laos.

Somber Outlook Emerges

A generally somber outlook for East-West relations emerges from information made available by U.S. and British officials on the discussions of the two allied leaders here during the past two days.

The talks were recessed today while Macmillan flies to Boston for an address at the Massachusetts Institute of Technology.

A final session of the two men and their advisers will be held at the White House Saturday morning after which they plan to issue what one official called a business-like statement on the range of their discussions.

Meanwhile, from authorities who participated in the meetings, the following picture of immediate and potential cold war trouble spots shapes up:

Making Little Progress

1. The U.S.-British negotiations with the Soviet Union for an agreement to prohibit the testing of nuclear weapons permanently under an international policing system are making very little progress. The Soviet Union's new demand that the agreement be administered by a three-man directorate with a built-in Soviet veto is completely unacceptable to Britain and the United States. The directorate would be composed of one Soviet, one Western and one neutral representative who would make decisions by unanimous agreement.

Macmillan and Kennedy agreed that the Western powers could never rely on an inspection system which was subject to a Soviet veto. Unless, as they hope, Soviet Premier Khrushchev will drop or drastically modify the directorate proposal, the nuclear test talks at Geneva would appear to be headed for a breakdown.

If the Geneva talks do fail Kennedy will be faced with an almost immediate decision on

The Days of Crisis After Fort Sumter: Federalists Burn Armory, Navy Yard; Militia Fights

The attack on Fort Sumter on April 12, 1861, differed from the one on Pearl Harbor in that it was not a surprise. Events had been building up to it for months. But reaction to it was no less immediate and violent. Many felt that the war would be short, but every one knew that war had come.

On April 15, the day after Major Anderson evacuated Sumter, President Lincoln issued a proclamation calling for 75,000 volunteers. Two days later, Jefferson Davis, President of the Confederate States, asked for 32,000 troops, and offered to issue letters of marque authorizing privately owned ships to attack Northern commerce. (The Confederacy had no navy then).

When Virginia seceded on April 17, the U.S. Armory at Harpers Ferry was set on fire by its commander the next day in order to prevent it from falling into Confederate hands. On April 19, Lincoln ordered a blockade of Confederate ports.

Violence broke out the same day in pro-Southern Baltimore, where the Sixth Massachusetts and the 27th Pennsylvania regiments — the first to get near Washington — were attacked in the streets by an angry mob.

JUST AS THE Harpers Ferry Armory had been burned to stop the Confederates from getting the arms stored there, so was the great Norfolk Navy Yard put to the flames on April 20. Eleven warships were scuttled and burned, huge warehouses and shops were set on fire, and an effort

was made to destroy the yard completely. It did not succeed. The Confederates got hundreds of cannon, large stores of ammunition, tools, and supplies, and were able to salvage some of the ships.

On that day, Col. Robert E. Lee, knowing that Virginia had seceded, resigned from the U. S. Army to offer his services to his native state.

Militia regiments from the North were rushing to the defense of Washington. On the 19th, the famous New York Seventh marched down Broadway past cheering crowds. When it reached Philadelphia, word had arrived there that rails had been torn up and bridges had been destroyed to prevent troops from getting past Baltimore. The regiment's officers promptly chartered a steamer to take the men to Annapolis from which point they could go on to nearby Washington. The Eighth Massachusetts left Philadelphia at the same time to travel by way of Havre de Grace.

The telegraph office in Baltimore was taken over by the secessionists on April 21, and the capital of the United States was then cut off from the rest of the country. A mass resignation of pro-Confederate government employees took place the next day.

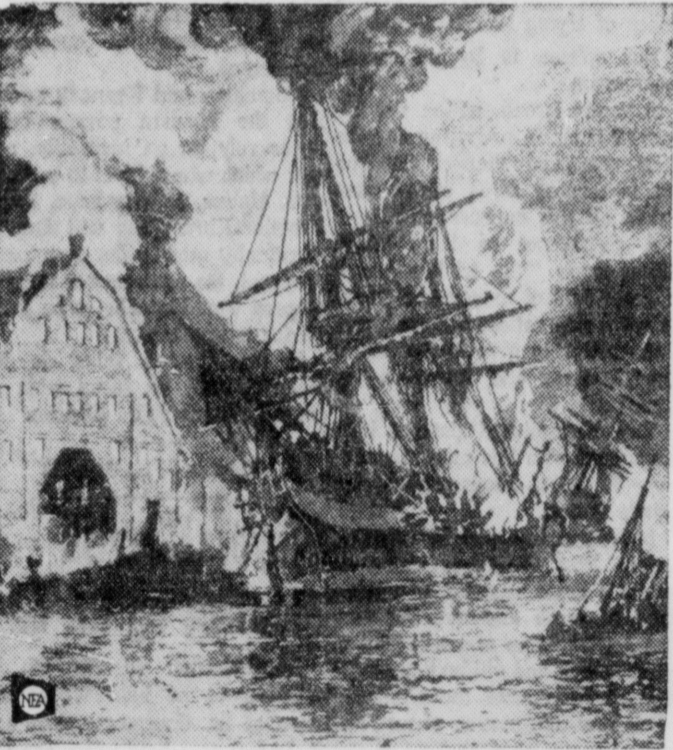

NOT SINCE THE British captured and burned the city in 1814 had the capital been in such desperate straits. On April 23, President Lincoln's secretaries saw him pace the floor and occasionally stop to peer out of the win-

THE U.S. ARMORY at Harpers Ferry, Va., held the guns that John Brown and his men, including Edwin Coppock of Salem, had risked their lives to capture. More than 4,000 arms and much valuable machinery made the Armory a rich prize. Knowing that Confederate troops were about to seize it, the lieutenant in command ordered everything destroyed. The long rows of buildings were set on fire at 10 p.m. April 18, 1861.

READING the war news on Broadway, New York.

AS SOON AS VIRGINIA seceded, the state's military forces made plans to seize the important Gosport Navy Yard near Norfolk. Believing that the naval base could not be successfully defended, its commander ordered the ships to be scuttled. Workmen were told to spike hundreds of cannon or smash them with sledgehammers; the buildings were to be burned; and the huge drydock blown up. The general conflagration destroyed much valuable material, but even more escaped damage. Big guns from the yard were shipped all over the Confederacy. The Merrimack, shown here in flames, was raised and converted into the ironclad ram Virginia, which battled with Ericsson's Monitor in March, 1862.

dows of the White House in the hope that he might see some ships from the North come up the Potomac. And they heard him say, half to himself and in anguish, "Why don't they come? Why don't they come?"

The next day, some soldiers of the Sixth Massachusetts who had been wounded in the Baltimore riot called on the President. He greeted them cordially, and then, worried about the plight of the isolated and defenseless city, he said:

"I begin to believe that there is no North. The Seventh Regiment is a myth. You are the only real thing."

The Seventh Regiment was no myth. Even as Lincoln spoke, its men, together with troops from the Eighth Massachusetts, which had met it at Annapolis, were repairing rails and bridges, and hurriedly fixing sabotaged locomotives and equipment in order to make their way toward Washington. The Massachusetts regiment remained to guard the railroad, while the Seventh Regiment kept going.

Progress was slow. It was noon on Thursday, April 25, when they finally arrived at the railroad station near the Capitol. Forming ranks, with flags flying and the regimental band playing, they marched down Pennsylvania Avenue to the White House, where President Lincoln reviewed them. Many troops have marched down that famous avenue, but never has a body of soldiers been as gladly received as the men of New York's Seventh Regiment were that day. Washington came to life; communication with the North was re-established, and serious preparations for war began.

COLUMBIANA — The First Christian Church will break ground Sunday at 3 p.m. for a new \$200,000 edifice at the corner of N. Middle and Cherry Sts.

Final financial arrangements made and building contracts signed, the pastor, Mr. Frank O. Lillie, said the way has been cleared for the long-planned project, which will replace the congregation's present frame structure on S. Middle St., erected in 1898.

Plans also call for a complete basement with five regular classrooms, a fellowship hall with partitions for seven additional classrooms, kitchen, heater room, lavatories, and utility rooms.

Inside Labor By Victor Riesel

Victor Riesel

Jimmy Hoffa, who despite certain rumors is as mortal as the rest of us, should be known by the company he keeps, as the rest of us. For some years now his union has been going steady with the Pacific Longshoremen's union, long friendly to the Sino-Soviet bloc.

If the two representatives of Hoffa's union do their duty at the "left wing" Longshoremen's convention and return with official reports of the parley which opened April 3, the small print should make interesting reading to Brother Hoffa.

IT IS, for example, the belief of Bridges and his high command that the Cuban "revolution" has increased that island's agricultural output, reduced unemployment and raised wages. Bridges & Co. also feel that if through the efforts of the U.S. the Cuban "revolution" fails, it will be a blow to the Cuban people.

It is Mr. Bridges' privilege to be sweet on Castro, golfer and revolutionist. But Mr. Hoffa has publicly in the past few years asked Bridges and the Pacific Coast Longshoremen to be his partners in a national transportation federation — and a federation all of whose union contracts would expire on the same day.

Is it therefore unreasonable to expect some comment from Hoffa on his friend's attitude towards Cuba? No compulsion mind you, but...

SALEM Appliance & Furniture E. State ED 7-3416

—and just about the same time Teamsters' president, Hoffa, dispatched two of his own union's representatives to the Hawaiian convention of this union, long friendly to the Sino-Soviet bloc.

What is Mr. Hoffa's attitude on that pro-China trade position taken by this union with which he is linked on the West Coast?

HOFFA SHOULD look as closely at what happened during the week-long convention there, not too far from Pearl Harbor, as he does at an employer's offer. The Teamsters chief would then observe that the Bridges leadership believes that U.S. economic and military aid to some of our Asiatic friends will create explosions in South Vietnam and South Korea. Likewise Hoffa will note mighty little criticism of Communist forces where the Sino-Soviet bloc is brinking close to global war.

What thinks Mr. Hoffa of all this?

There can be noted no harshness toward the Iron Curtain bloc, there was warning that the civil liberties of the U.S. are endangered by the actions of congressional leaders.

Of course there is no insinuation here that silence on Hoffa's part means conformity with his colleague in the Teamster-sponsored Conference of Transportation Unity.

It is just that constant silence on Harry Bridges' political opinions and the editorial stands of Bridges' newspaper, The Dispatcher, appears to put Hoffa in an awkward position.

There was, for example, not too long ago a double-page spread in the Longshoremen's publication, which appeared to speak highly of present day Hungary.

HOFFA MIGHT send right down to his expert research department. He will be told that on Feb. 24, 1961, The Dispatcher ran a feature called "TLWU Members Take a Look at Hungary."

This is a first-hand report of a group which arrived in Budapest Aug. 6, 1960 — some six months before the big feature was printed.

There are many hard-working

just sort of a moral issue now. Furthermore, Harry Bridges and his union officially are for trade with Peiping China — which is not exactly a benign growth in the troubled "underbelly" of Asia.

American truckdrivers who are of Hungarian descent. They might like to hear what Hoffa thinks of such a report which makes all things seem so peaceful in the land occupied by Chairman Khrushchev's tank divisions.

Then there are all of us, who also wept as that revolution ended. We'd like to know why Bridges' union thinks so little of the Hungarian anti-Communist revolt and so much of the "Cuban revolution." And what Hoffa has to say of the man and the union which favors one social upheaval which favors one social upheaval over the other?

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband is one of those reckless spenders who doesn't think any more of a dime than his right eye. He carries his money in a change purse that snaps, hooks, zips, and folds. I must account for every nickel I spend and heaven help me if my books don't balance.

My complaint is this: Every few weeks he gets roaring drunk and heads for the long-distance telephone. He calls people he hardly knows at 3 and 4 a.m.—waking them up and sometimes getting hung up on. I can tell from his end of the conversation that some

people don't even remember him. (His specialty is wartime buddies from 1944.) Last month our phone bill was \$58.

It makes me furious to count pennies while he squanders a bankroll on a lot of drunken nonsense that he can't recall the next day. What can I do about it?—TELEPHONE BROKE.

Dear Broke: It's too bad your phone isn't.

Your husband has black-cord fever—a malady for which there is no known cure. If it's any consolation, please be aware

that some husbands are similarly afflicted when they are sober. Save the monthly telephone bill receipts and when he goes off on a binge wave them before his bloodshot eyes. If he isn't too stoned, it may suggest something.

Retiring Octopus

Dear Ann: I'm a high school senior who has laughed my head off at some of the troubles you've printed but if you can help me I'll never laugh again.

My problem is my steady girl. She thinks the front seat of my car is a sofa and that I'm a chair.

If she isn't almost on my lap, her arms are wrapped around my neck. She distracts me and sometimes blocks my vision.

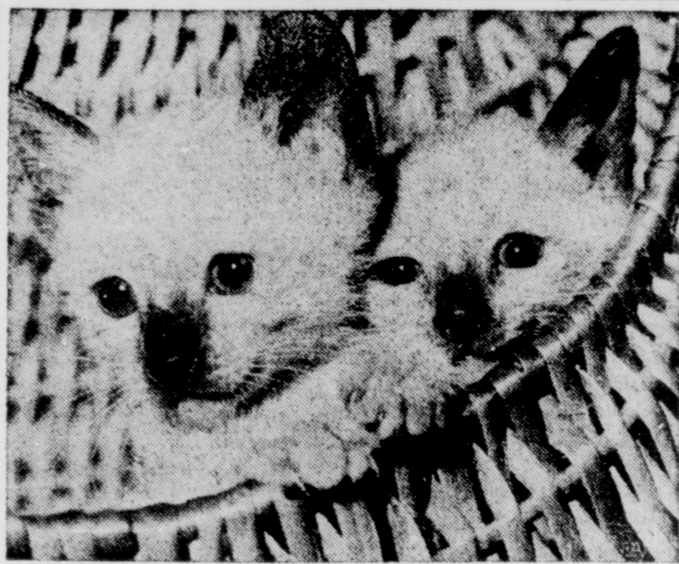

After a few close calls I have pleaded with her to please let me drive the car with both hands. She says four eyes are better than two hands and that she is always on the lookout.

If I have an accident I'll be grounded for life. My Dad is strict about the car (it's his) and I get it only so long as I have a perfect record. Help me please.—BUZZY.

Dear Buzzy: Tell that shy and retiring octopus that 40 eyes are of no value unless the driver's two hands and two feet are free to act in a split second. Insist that she stay over on her side of the seat or tell her you'll have to travel by bus or on foot.

Emancipator Wanted

Dear Ann: In February we celebrated the birthday of a great

PURR-JEZ-VOUS? — Two Siamese Sealpoint kittens peer wide-eyed out of their basket. The beauties were shown at the spring exhibition of the Feline Circle of Paris, France.

American who freed the slaves. You could be a modern-day Lincoln and free the wives of retired men.

Since my husband retired I haven't had a day to myself. He has no hobbies or interests. Although he belongs to several

lodges, "it's too much trouble" to attend meetings. He doesn't take part in civic activities although he's in good health and could do a great deal.

He just sits and reads, watches TV, eats and sleeps. We are financially able to travel but he "doesn't care for it."

Whenever I must go shopping he says, "How soon will you be back?" I'll lose my mind if I don't get a little "apartness." Please suggest something.—SHACKLED.

Dear Shackled: Freedom is never a gift. Fight for it. Resolve that you aren't going to sit in the house and vegetate just because your husband is a stick-in-the mud.

Make your plans and go about your business. When he sees that you aren't going to stay home day and night and hold his hand, he may get off his rusty-duty.

The Doctor Says

By DR. H. T. HYMAN

Diagnostic X-rays Don't Cause Diseases

Q—Will you tell me the truth about X-rays?" asks a 28-year-old mother. "Six years ago, when I was eight months pregnant, I had a stomach X-ray. Also, one year ago, I had pneumonia and received four chest X-rays. About six months ago I started having trouble with my right breast. When I touch it, it feels hard and sore. Could this trouble be caused by the X-rays? Do X-rays cause cancer?"

A—There is no possible relationship between the dose of X-ray required for simple diagnostic filming and any disease, including cancer. Furthermore, breast cancer is a painless disturbance. Quite likely the condition of the breast is the result of some benign condition such as premenstrual tension, readily relieved by simple medications that promote urinary outflow (diuretics).

Q—"I read your article in which you suggested that a rash on the eyelid may be caused by allergic sensitivity to nail polish. Here's another for you. If I happen to rub my eyes without washing my hands after handling oranges, my skin itches like crazy for days. I think it's the dye or spray they put on oranges that causes this miserable condition. Maybe you'd like to pass this information on to your readers."

A—I certainly would like to. Q—"I have a cyst on my head but my doctor said it was nothing to be concerned about. He told me that, if it began to grow, I should let him know. What puzzles me is if it's under the bone, can't it grow inward?"

A—You are fortunate to have a doctor who is so considerate and conservative. Removal of these cysts of the scalp often turns out to be a more formidable procedure than was anticipated. And, since they cannot possibly "grow inward," in the sense that they would actually invade the cranial cavity, it's the better part of wisdom to watch and wait.

Q—"I am 34 years old and the mother of three children. Six

weeks ago two of my children came down with whooping cough. Two weeks later I came down with a bad cough and soon developed the whoop also. I have had all the medicine I can take and I still whoop, especially at night and in the early morning. I can't catch my breath very often and I become terribly frightened. The doctor tells me it's very rare in grownups. Can my husband catch it, too?"

A—My very dear madam, I dislike adding to your woes by criticizing you at this juncture. But, if you had had your children immunized with whooping cough vaccine, as recommended so very many times in these columns and elsewhere, neither they nor you would have contracted the disease. And, if your husband never had the disease and never was immunized, I'd suggest that he run, not walk, to the nearest doctor before he starts coughing.

Dear Reader: Dr. Hyman appreciates your comments and questions but regrets that the heavy volume of his mail doesn't permit him to answer each individual letter or post card. However, he will comment in columns like the above upon matters of general or unusual interest.

'Ferocious' Boxer Has Gentle Nature

CLEVELAND (AP)—Rocky, an 80-pound boxer dog, has often scared off thieves who took one look at his ferocious jaws.

But he proved Thursday night what a gentle nature he really has. He sat quietly in a big easy chair while thieves robbed and ransacked his master's gasoline station, taking \$11.

And to crown the insult, said Rocky's owner, Ken Hutchinson, 24, the intruders squirted oil all over the poor animal. "He was drenched," said Hutchinson. "It took me an hour to clean him."

Kerr Traces Aid To Education In Talk To Kiwanis

Federal aid to education legislation now before Congress was discussed by E. S. Kerr, former superintendent of Salem public schools, when he spoke to fellow Kiwanis Club members Thursday noon in the Memorial Building.

He traced the movement of federal aid to education from its beginning during the Civil War to the present time.

Mr. Kerr pointed out to Kiwanians that Salem has been receiving federal aid through the Ohio Department of Education for more than 30 years. To date, this has been for aid in trades extension, business training, merchandising and technical institute classes.

He said the present three-year laws for federal aid to education expire this year and that two bills for renewal are now before Congress. One is the normal renewal with slight additional increases. The other is the administration's bill designed to extend federal aid to all phases of public school work, Mr. Kerr explained.

whether to order a resumption of nuclear testing which has been suspended since the Geneva conference started 2½ years ago.

Blow To Disarmament

2. Since the test talks at Geneva have been regarded by the Western powers as a possible first step toward disarmament, a failure at Geneva would inevitably be considered as a blow to disarmament. The two leaders reviewed the disarmament outlook and reaffirmed their hope that the test talks would prove successful, despite the current gloomy prospect.

3. The chances of a new East-West confrontation over West Berlin were rated high, although Macmillan considered that Khrushchev may choose to exert primary pressure for Communist expansion in some of the underdeveloped countries in Africa and Asia. Both Kennedy and Macmillan agreed that Khrushchev's repeated statement that he wants a solution of the Berlin problem this year must be given very serious weight.

4. With respect to Southeast Asia Kennedy and Macmillan expressed their hope that cease-fire negotiations which the British are conducting with the Soviet foreign office in Moscow will now be successful and produce a prompt truce in the civil war in Laos while a 14-nation conference meets to negotiate a more permanent settlement.

5. Kennedy and Macmillan reaffirmed their determination to support U.N. Secretary General Dag Hammarskjöld against attacks from the Soviet bloc countries and to resist all Soviet efforts to replace him with a three-man directorate. They evidently expect further Soviet efforts, perhaps at the General Assembly meeting next fall, to cripple the U.N. operation and to win acceptance of the directorate idea by more and more members of the world organization.

Robert Earl Wolf, 37, of Salem, burglary of the home of Martha and William Sprague in Wells-ville June 18, 1960.

Mary F. Walker, 20, of New Springfield RD 1, Marshall E. Patrice, 24, and Charles W. Cooper, 21, both of Youngstown, burglary of the home of Lawrence Wolfgang on the Lower Elkton Rd., Feb. 25.

Donald Ray Barnes, 19, of E. Lincoln Way, and Richard Keith Parrish 18, of Black's Road Lisbon, burglary of the home of Fronia Arter, just southeast of the village, on several occasions.

Donald Kerr, 18, of East Liverpool, theft of an auto from James Brittain of East Palestine.

Robert Beighey, 23, of Calcutta, burglaries of the L & M Hardware Co. and Hitt Builders Supply and theft of an auto from M & A Motors in East Liverpool.

James E. Johnson (transit), burglary of the Buckeye Club in East Liverpool, March 27.

Philip Regis Monac of Midland, Pa., theft of a box of tools from George Brand, East Liverpool, Jan. 21, 1960.

A total of 35 witnesses were heard by the jury.

The defendants will be arraigned Monday, April 17, before Judge Buzzard.

In filing the report, Miss Gladys Debolt of East Liverpool, jury foreman, reported the jurors found the county jail operation satisfactory. The jury recommended that the commissioners reconsider the appropriations of funds to the county departments, particularly those appropriations which were decreased this year.

Cutbacks

(Continued From Page One)

"The cutbacks ordered by them in most of the county offices have been made without consultation with me."

"Why do they cut back the appropriations of most other offices, and grant Common Pleas Courts an increase from the \$69,000 spent in 1960 to almost \$90,000? I also cannot understand why every office gets a cut except the commissioners themselves, the county engineer and the prosecutor."

Commissioner Hunston said he was surprised at some of Wilson's statements in regards to several offices in which the law provides for their appropriation being accepted regardless. This includes common pleas courts, probate court, election board and prosecutor's office. His remark on engineer's office claiming an increase was only the extra the engineer gets based on the last census and which all office holders will get eventually.

Both Hunston and Greenisen said they are sorry they had to cut the five offices but Commissioner Wilson failed to offer any solution to the fund situation.

The reason cited for the reductions was because of the smaller carryover from last year. In one fund alone the unanticipated emergency fund was cut from \$111,000 plus down to \$11,000 giving the general fund \$100,000 less for this year.

and her mother, who flung herself across the child.

The three gunmen then rushed to their waiting taxi, knocking out a ward attendant as they ran and beating a nurse with gun butts. In the yard, two policemen who tried to stop them were shot in the feet.

More than a dozen Algerians were later arrested but there was no indication that the identity of the gunmen had been learned.

The attacks on the American offices in Algiers were the latest in a series of bombings blamed on dihard French colonists. The extremists apparently were angered that the U. S. Ambassador to Tunisia, Walter N. Wamsley Jr., held private talks Monday in Tunis with two FLN ministers.

Mt. Union Seeks Loan For Women's Dorm

ALLIANCE — Mount Union College will make application to the Housing and Home Finance Agency for a federal loan on a new women's dormitory.

Elliott Hall, built in 1914 and recently remodelled, houses 64 students while McMaster Hall, built in 1956, houses 168. The new dormitory would alleviate conditions which require the temporary housing of more than 70 students in East, Lamb, and Hopkins Halls. The first was converted from a men's dormitory and the other two were private homes.

In announcing the board of trustees' action on a new dormitory, President Carl C. Bracy also reported the architect's complete working drawings for the \$800,000 Campus Center have been sent to the federal agency for engineering approval.

The college will advertise for bids when the plans are returned. Hope is to start construction this spring.

Kennedy also called for: Punishment for persons intimidating or injuring anyone cooperating in a federal investigation. (Present law only protects witnesses called in judicial or congressional investigations.)

The five other new laws requested by Kennedy were proposed in one form or another by his predecessor, William P. Rogers. They deal with stopping the flow of gambling information and equipment across state lines and broadening federal power in some other areas.

Marks Landing Ousted From United Cage Tournament

Field of 24 Teams Pared Down to 8

All four teams advancing to the quarter finals in the United Basketball Tournament Thursday night at the United gym had a comparatively easy time as they posted substantial wins over their opponents.

In action last night Bloom Drugs of Canton won easily over Marks Landing of Guilford Lake 82-65, Hanoverton's Marquis Oil topped John's Bar of Canton 72-65, Freed's of East Liverpool breezed by Amos's Esso of Rochester, Pa., 74-61, and Frank Wilson Commissioner of Wellsville trampled East

followed by teammate P. James' 15.

A very hot fourth quarter by the Freed's quintet helped them take their win over Amos's Esso. Leading only 51-49 at the end of three periods, the East Liverpool five dumped in 23 points in the last quarter to only 12 for the losers.

Patterson and Ashton had 19 points apiece and Trosch 18 for Freed's, while Jones dumped in 20 and Irons 16 for Amos's.

Phil Baldwin notched 15 points and Ken Miller 14 to pace Frank Wilson Commissioner to its win over Alex's Carry-Out. J. Pierce meshed 15 and Mick Pierce 14 for the losers.

Frank's was never headed as they posted a 19-8 first quarter lead and a 37-23 margin at half-time. Frank's led 50-37 at the end of three periods.

Cubs Trounce Red Sox 9-5; Tigers, Dodgers, A's Win

By ED WILKS
Associated Press Sports Writer

Relief pitcher Ed Roebuck may be all through—again the Chicago Cubs have a leader—for two weeks, anyway and the exhibition tour finally hits a major league park today as baseball closes in on the start of the 1961 season.

Roebuck, who hasn't pitched an inning this spring because of shoulder trouble, was placed on

the disabled list by the Los Angeles Dodgers Thursday, pending approval by Commissioner Ford Frick. It's the second time in three years that Roebuck, 29, has been hit by shoulder miseries.

The Cubs, meanwhile, picked Vede Hims from their coaching group to open the season as manager. It's his own Phil Wrigley's idea to go with a leader instead of a definite manager this season, shifting the head man role to be with the club at any one time.

With the season set to open Monday, and President Kennedy now officially scheduled to throw out the first ball at Washington when the Chicago White Sox meet the new Senators, the exhibition trail led the New York Yankees to the St. Louis Cardinals' Busch Stadium today for the opener of a three-game series.

Both were idle Thursday when the Cincinnati Reds again clipped Milwaukee, 6-5 the Dodgers belted San Francisco 14-7, the Cubs defeated Boston 9-5, the Detroit Tigers trimmed Chicago's White Sox 7-2, the Cleveland Indians beat the Los Angeles Angels 6-5 in 12 innings and Kansas City smacked Minnesota 9-4.

In a night game at Miami, Baltimore whipped Washington 8-1 with right-hander Steve Barber blanking the Senators on four hits in the seven innings he worked.

The Reds came from behind with two runs in the ninth to win at Columbia, S.C., against the Braves' Bob Buhl, who went the distance for the third time although giving up 12 hits.

Sad Sam Jones of the Giants was tagged for nine runs in four innings at Phoenix by the Dodgers, who finished with 13 hits—including a double, three triples and home runs by Duke Snider, winning pitcher Don Drysdale and Charlie Smith.

At Sarasota, the Tigers had just four hits, but won their third in a row with five unearned runs in the second inning. Herb Score was the loser.

Johnny Romano's third hit of the day, a one out single, capped a two-run comeback for the Indians in the bottom of the 12th at Tucson against Angels' rookie Aubrey Gatewood. Lou Klimchok's three-run homer brought the Twins' ace Pete Masi to a 4-0 lead in the seventh against the A's from behind in the seventh at West Palm Beach.

Two Tied For Masters Lead

Palmer, Rosburg Fire 4 Under Par

By JERRY LISKA

Associated Press Sports Writer
AUGUSTA, Ga. (AP)—Defending champion Arnold Palmer, who had things mostly his own way after last year's opening round, today was crowded by two dangerous fellow pros and a brawny amateur plunging into the second round of the 25th Masters Golf Tournament.

Palmer was tied for first at 4-under-par 68 with Bob Rosburg, whose record 100-foot putt keyed a torrid finish over rain-soaked Augusta National Thursday.

Just a stroke behind Palmer and Rosburg, whose rallying round also included a holed 120-foot pitch shot, was the year's top money-winner, South African Gary Player, at 69.

Two strokes arrears was the muscular amateur, Jack Nicklaus, who bagged a 70 playing with Palmer, Nicklaus, a runner-up to Palmer in the 1960 U.S. Open, matched the Master champ's closing nine 34, two under par.

Last year, when Palmer led every round to capture his second Masters title, he shot an opening 67—two strokes better than the field.

Four others broke Augusta National's par 72 in Thursday's persistent drizzle which failed to dampen the enthusiasm of more than 10,000 spectators.

They included two-time champion Byron Nelson, 49, the 1957 king, Doug Ford, and two solid journeymen pros, Paul Harney and Johnny Pott, who came in with 71's.

Seven were knotted at 72, including amateur Charley Coe, last year's runnerup Ken Venturi, PGA champ Jay Hebert, Gene Littler, Tommy Bolt, Stan Leonard, and Billy Casper.

Among no fewer than 23 locked at 74 were three-time champion Sammy Snead and two-time winner Ben Hogan.

After today's second round—tabbed to face cloudy, cool and possibly rainy weather—the original 88-player starting field will be trimmed to the low 40 score and ties, or 41 if there are no ties for 40th place.

Clearly, Palmer again is the man to beat. He dispelled his pre-tourney worry over putting Thursday, using 28 putts and having nine one-putt greens.

Former Austintown Athlete Wounded

YOUNGSTOWN, Ohio (AP)—A former Austintown High School track and football star was shot and wounded Wednesday night in an argument that resulted from a traffic accident on the west side. Police are seeking his assailant.

Valerian (Skip) Getch, 22, was in surgery for two hours at South Side Hospital for the removal of three bullets from his abdomen and right arm.

Police said they were told Getch was a passenger in an automobile that was forced off Oxford Avenue by another car near Covington Street. Occupants of both cars got into an argument following the incident and the shooting resulted, according to officers who said they were still investigating.

Getch, who recently obtained his discharge from the Army, was to leave Friday to enter the University of Louisville (Ky.), where he has a football scholarship.

Al Thompson, Cleveland, second in classic singles with 682; Bill Berding and Eddie Jackson, Cincinnati, eighth in classic doubles with 1271; Jim Schroder, Toledo, and Bill Gran, Akron, sixth and ninth, respectively, in regular all-events with 1900 and 1879.

Paul Kulbaga of Cleveland, winner of the 1961 singles title, lost out Thursday on a bid to repeat by bowling a mediocre 578.

Moore Rated 3-1 Favorite

Meets Valdez In Title Bout Saturday

LOS ANGELES (AP)—To most students of boxing, young Danny Valdez doesn't stand a ghost of a chance against the featherweight champion of the world, Davey Moore.

It may be like tossing a jar of honey to a grizzly bear when the pair hook up in a 15-round fight for Davey's title Saturday night in the Olympic Auditorium battle, pit.

The seasoned, power-hitting, 27-year-old champion, from Springfield, Ohio, is a solid 3-1 favorite, and merits the role.

Davey was due to check his weight late today with the state athletic commission. He admittedly has been having trouble getting down to 126 pounds, the limit.

The match, which will not be telecast or broadcast, marks Moore's third defense of the title he won from Hogan (Kid) Bassey here in March, 1958.

Moore has not been beaten in five years, with one notable exception. He tangled with a lightweight, Carlos Hernandez, in Caracas, Venezuela, last year and came out with a knockout defeat and a broken jaw.

Valdez earned the title shot by twice defeating the then No. 1 contender, Ricardo Gonzalez of Argentina, last year.

Women Wrestlers Billed Here Tonight

Frank "Toar" Julian, promoter of tonight's wrestling program at the Hi-Neighbor Dance Hall, announced today that Tom Eichler Jr., will substitute for Chuck Holmick in the amateur tag team match which is scheduled to open the card at 8:30 p.m.

Eichler will team up with Buttermilk Bailey against Hayward Whitehair and John Bagley in the amateur bout.

The professionals will then take over. Julian will tangle with Lorraine Smith and Tommy O'Toole will clash with Ed Fiata.

Highlighting the card will be a women's tag team match, pitting Babs Wingo and Lulu Mary Provo against Romona Isbell and Ethel Johnson.

The wrestling show is being sponsored by the Salem Junior Baseball Leagues.

QUITS CAGE POST

MARIETTA, Ohio (AP)—Marietta High School basketball coach Bill Ross, 42, has resigned the post to devote full time to his job as business manager of athletics. Ross' teams won 51 games and lost only 17 in his three years at the Marietta helm.

John Cabas to Talk With Farrell Officials About Coaching Job

Salem High Basketball Coach John Cabas is expected to be one of those interviewed for the head coaching job at Farrell, Pa., High School.

Coach Cabas said today that he has "unofficially" been contacted by a school official at Farrell and has agreed to an interview. "There is no commitment on either side," the Quaker mentor emphasized. "I've just agreed to talk with them. I would be foolish not to."

The Farrell job became open when Ed McCluskey resigned his position there to accept the head coaching job at Gannon College in Erie, Pa.

Cabas is a graduate of nearby New Castle, Pa., High School where he played varsity football and basketball. He was selected as an All-Pennsylvania guard while playing on New Castle's 1936 state runner-up team.

In 11 years as head coach of the Salem Quakers, Cabas' varsity teams have rung up a record of 168 victories, compared to only 57 defeats. His 1958-59 team advanced to the state finals before losing to Cleveland East Tech.

Texas Relays Open Today At Austin

AUSTIN, Tex. (AP)—The Texas Relays, with records likely in half of the 40-odd events, open today with Olympians Earl Young, Stone Johnson and Eddie Southern featured in the first session.

Preliminaries were scheduled in 20 events this afternoon with finals in a like number tonight.

Young, the Abilene Christian sprint ace who was on the winning United States 1600-meter relay team at Rome last year, will appear with the 440-yard relay team that's expected to wipe out the Texas Relays mark of 40.1.

Johnston, the Grambling flash who placed in the Olympic Games 200 meters, and Southern, the former Texas star who was a 400-meter hurdles second-place winner in the 1956 Olympics, will oppose each other in a special 100-meter dash tonight. Ralph Alspaugh, Texas sprint great, and Dave Styron of Southern Illinois, also will be in this event.

More than 1,200 athletes will be in the two-day track and field meet, with 307 from 22 schools competing in the university class where Abilene Christian is figured to be the top winner.

Hot Stove Leaguers To Practice Saturday

The indoor training program of the Salem Junior Baseball Leagues will resume at 10 a.m. Saturday at the Hi-Neighbor Dance Hall on the Pidgeon Road.

All boys who intend to play in any of the Hot Stove Leagues this season are urged to attend the training session Saturday.

Leagues President John Herman Jr., reports that the 1961 season will get under way on May 22. Outdoor workouts will be scheduled as soon as the weather clears up.

The Gay Nineties bowling team in the Ladies Afternoon League took both highs in team series and team single as they rolled 2,487 and 881 respectively at the Timberlakes Thursday.

High individual series was bowled by Dot Collier with a 586, while Garnet Maurer had the high single game at 236. Other high series went to Connie Gibson 505, Ethel Parker 491, Wilma Schilling 471 and Evelyn Lease 461.

Perry Whitacre's games of 202-199-202 were enough to give him the high individual series at 603 in the YK League Thursday night. The Local Union team had the high series with 2,546 and the Happy Days team had the high team single with a 893.

High individual series also went to Bob Faulkner 571, John Pukalski 559 and John Falk 553.

In Commercial League play, Jerry Spiker had a good night in rolling a high individual series at 607. Ohio Fuel Gas took high team single honors and also the high team single with scores of 2,521 and 930 respectively.

Other men with high series were Ron Schaffer 577, Del Smith 562, C. Ray 558, Galen Beck 543 and Bob Miller 509.

In the Sportsman League, Ray Thompson's single games of 223 and 232 were enough to help him to a high 628 series. Bill Galchick had a 593, Rudy Hrovatic a 581 and Ike Spack a 575.

Pirates, Yanks Picked as Runner-Ups

Dodgers, Orioles Are Pennant Choices

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—The Los Angeles Dodgers and the Baltimore Orioles, a pair of clubs loaded with young talent, are the choices here to meet in the 1961 World Series next October.

Walter Alston's Dodgers, who finished fourth last year, should repeat their 1959 National League triumph because they possess the prime pennant ingredients—strong pitching, stout defense and superb speed. They lack power but they are blessed with sufficient strength to two-plate without suffering any noticeable dip in quality.

Paul Richards' Orioles also have the speed, defense and pitching—especially pitching. Always a prime factor, pitching takes on added importance in the American League this season because of the additional two teams which have caused an expansion of the schedule from 154 to 162 games.

The defending champion Pirates and Yankees should finish second, with the Cardinals and Chicago White Sox third and Milwaukee and Cleveland fourth.

This appears to be the shape of things to come in each league: National League—1. Los Angeles, 2. Pittsburgh, 3. St. Louis, 4. Milwaukee, 5. San Francisco, 6. Cincinnati, 7. Philadelphia, 8. Chicago.

American League—1. Baltimore, 2. New York, 3. Chicago, 4. Cleveland, 5. Minnesota, 6. Detroit, 7. Boston, 8. Kansas City, 9. Los Angeles, 10. Washington.

Baltimore's pitching, best in the

American League last year, may be even stronger because of the experience gained by youngsters Chuck Estrada, Milt Pappas, Jack Fisher and Steve Barber. Also, Jerry Walker, a disappointment last year, looks like he's ready to pick up where he left off in 1959, when he was named to the All-Star team. The staff is complemented by veterans Hoyt Wilhelm, Hal Brown and Billy Hoelt and a promising rookie named John Papa.

The Yankees haven't changed except for the loss of second string pitchers Eli Grba and Bobby Shantz and utility players Dale Long and Bob Cerv. They boast such power hitters as Mickey Mantle, Roger Maris, Bill Skowron, Yogi Berra and Elston Howard, plus the versatile Tony Kubek and Cletis Boyer as well as Bobby Richardson and Hector Lopez. The pitching, however, is thin with Whitey Ford the only dependable starter. Bob Turley, Ralph Terry, Art Ditmar, Bill Stafford and Jim Coates are the other starters.

Dodger pitching is the most respected in the National League. It is evenly balanced with Don Drysdale, Stan Williams and Roger Craig firing from the right side and Johnny Podres, Andy Koufax and rookie Ron Perranoski from the left side. Larry Sherry can work both ways, start and relieve. Pittsburgh has the same team that defeated the Yankees in the World Series. The Pirates have good balance, sound pitching and an admirable defense. Shantz, the only newcomer, should help in the bullpen.

The Cardinals figure to be tough again. Larry Jackson's injury—a fractured jaw—may set them back a little but they have a solid pitching staff headed by

Hawks Beat Red Wings In Opener of Stanley Cup Finals

CHICAGO (AP) — You'd have thought the Chicago Black Hawks had lost and the Detroit Red Wings had won.

There was a sharp contrast in the aftermath of the Hawks' 3-2 victory Thursday night in the opening game of the National Hockey League Stanley Cup finals in Chicago Stadium.

The best-of-seven series, the first all-United States cup final in 11 years, shifts to Detroit ice Saturday night.

Chicago, who conquered the champion Montreal Canadiens in six games in the semifinals, scored all of its goals in the first period before 15,438 raving fans. They all came in the first 14 minutes, Bobby Hull flicking in two goals and Kenny Wharram the other.

"Maybe, that 3-0 lead lulled us into becoming too defensively minded," said Hawk Coach Rudy Pilous afterward. "We passed up too many chances. We've got to skate harder and check harder. We played too carefully and Detroit took the play away from us.

Red Wing goalie Terry Sawchuk was replaced by Hank Bassen at the start of the second period. Sawchuk collided with Hawk Murray Balfour and re-injured a bruised nerve in his left shoulder. He may not be able to play Saturday.

Also doubtful is Detroit's ace defenseman, Marcel Pronovost, who has a bruised right ankle and saw only limited duty.

The Red Wings first goal came late in the second period when Len Lundie took a pass from Gordie Howe and rammed the puck past Glen Hall.

Detroit scored its second goal in the final minute of the third period when Allan Johnson poked in a seven-footer after Hall had kicked out a shot by Howe.

Chicago players had little to say as they peeled off their uniforms. There was much more liveliness in Detroit's dressing room.

"We'll get 'em," said Howe. "This will give us a real lift, because we didn't gold up."

Reds Eke Win Over Braves

Cardenas Homers In 6-5 Victory

CHARLOTTE, N.C. (A)—Don't bank on Chico Cardenas starting at shortstop with Cincinnati's Reds on Opening Day, even if he did bang a home run and drive in two others Thursday.

Manager Fred Hutchinson has found himself in a dilemma with the skinny Cuban who has mixed some strange miscues with generally superior fielding and hitting.

Hutch said, however, "he makes too many little mistakes," which means Eddie Kasko probably has the Redleg shortstop job clinched.

Cardenas has made seven errors in the brief exhibition season, including one Thursday. But his hitting helped the Reds eke out another victory over Milwaukee, 6-5.

In snug Capital City Park at Columbia, S. C., Cardenas banged his homer in the ninth inning, tying the score. Jerry Zimmerman followed with a single and scored on Gus Bell's game-ending double.

The home run was one of a half dozen. The Reds went to work on Bob Buhl in the first inning with Frankie Robinson's homer.

An error by Cardenas in the eighth led to a two-run Milwaukee lead, but Gene Freese cut that to one run with a homer in the eighth.

Cincinnati had punched out two quick runs in the second inning on a walk, a double and Cardenas' timely single.

Redleg starter Bob Purkey had trouble all through four innings and gave up nine hits—three of them hers, by John DeMerit, Eddie Mathews and Wes Covington.

The Reds and Braves squared off today at Charlotte with rookie Ken Hunt due to oppose old master Warren Spahn on the mound. There are two more exhibition games between the teams before the regular season starts.

Hawks Count On Return of Lovellette

By CHUCK CAPALDO
Associated Press Sports Writer
ST. LOUIS (AP)—The St. Louis Hawks today counted on the probable return of Clyde Lovellette — back brace and all — to give them a much needed lift against the Boston Celtics in pro basketball's world series.

The 6-foot-9 Lovellette, who averaged 20.3 points against the Celtics during the regular season, will be available for duty here Saturday afternoon when the best-of-seven National Basketball Association title playoff resumes.

The Hawks trail 0-2.

Lovellette, out of action since March 27 with a twisted back suffered in the semifinal playoffs against the Lakers, has been working out the last few days.

The Hawks' third best rebounder and scorer said the doctors have given him the go-ahead, provided he wear a stiff brace on his back.

Lovellette said he can't bend down with the brace on and it may hinder his jumping ability. But, he added:

"It doesn't hurt my shooting. I'm hitting pretty good."

Clyde averaged .453 from the floor during the regular campaign. Many of his 1,471 points came on one-handed shots from the outside.

The Hawks feel that a consistent outside shooter would force the Celtics' 6-foot-11 Bill Russell to come out, giving the Hawks a better chance for baskets from inside. So far, Russell, while not breaking any scoring records, has ruined the Hawks with blocks and rebounds. Here, too, Lovellette's 235 pounds would come in handy, if only to jockey Russell out of position.

THERON'S
OLD COUNTRY STORE
Columbiana-Lisbon Road

Stu Wilson and I are going to start a weekly auction out here behind our Old Country Store one of these days, at least we are planning on it. We think it would be a nice idea to go along with our Old Country Store theme. It should bring us a lot of new customers and that is what we are looking for.

Questions—Answers

- Q—How large is the new U.S. military cemetery at Manila?
A—About 152 acres.
Q—What regiment is responsible for guarding the Tomb of the unknowns at Arlington?
A—The 1st Battle Group, 3rd "Old Guard" Infantry Regiment.
Q—Are the Mongols classed as a race?
A—They make up a nation rather than a race.

LITTLE LIZ

Words Seldom Read

By HAL BOYLE

NEW YORK (AP) — Excerpts from letters people would like to get—but rarely do:

"Well, dear brother-in-law, I guess I won't have to be borrowing from you and Sis anymore. After 15 years of unemployment, I finally have found a job. I have been selected to be the first man shot to the moon. While the job may be only temporary—"

"It is our pleasure to inform you that as holder of ticket No. Z-164859214 you have a grand lottery prize of \$142,000, and we respectfully inquire whether you would like this sum in bills or by check?"

"Upon reconsideration we realize it was ridiculous to offer you a trade-in value of only \$500 on your old car. We are upping the figure to \$1,800 and hope—"

"Our laboratory tests show that the formula developed by your small son with his home chemistry set is worthless as a dandruff cure because of its tendency to destroy the scalp. However, we are greatly excited over its potential as a crabgrass remover and if you and the boy would drop in to talk over terms we are sure that—"

"Daddykins, Jim and I figured a big wedding would cost you about \$3,000, which is a terrible amount of money, and besides you wants all that fuss and bother? So we are going to get married quietly, and if you want to send us \$100 toward our honey-

moon trip that will be just dandy."

"Remember Joe Poindexter, that handsome Phi Gam who beat your time with that little Chi Omega gal you were so stirred up about during our last year in college? I saw him the other day, and you wouldn't recognize him. He's 50 pounds overweight, lost most of his teeth, and says if his feet don't quit bothering him he may have to give up his job at the post office."

"Frankly, this time the bank is in error, and we regret any inconvenience to you or your husband. Our recheck shows that instead of being overdrawn \$39.48, your joint account actually has a balance of \$367.29. If you wish, we will be glad to write another letter to your husband explaining the mistake is entirely our fault, and you are blameless."

"It was awfully sweet of you to pay me \$75 a week alimony out of your \$125 salary these last 20 years, George, but you don't have to any longer. I met a well-to-do retired businessman on a trip to Florida last month who simply insisted that we—well, I suppose you can guess the rest. Since your last alimony check arrived after the ceremony, I am returning it uncashed."
